

Global RA Network Rheumatoid Arthritis Dashboard

The Rheumatoid Arthritis (RA) Dashboard helps patients and other stakeholders understand the facts about the disease and the gaps in the delivery of RA care and treatment in Ireland.

Ireland

General health information

Total Population **4.76 million¹**

Annual health expenditure **€ 23.8 billion³**

Life expectancy men **79.6 years²**

Obesity (% of population) **23%⁴**

Life expectancy women **83.4 years²**

Smokers (% of population) **23%⁵**

Arthritis in Ireland

Total people living with Arthritis **1 million⁶**

Women **Unreported**

Men **Unreported**

Frequency (per 1,000 persons per year) **Unreported**

Estimated people living with Arthritis in 2040 **Unreported**

Arthritis cost to society (health care costs and loss to economy) **Unreported**

RA in Ireland

Total people living with RA **23,839⁷**

Women **Unreported**

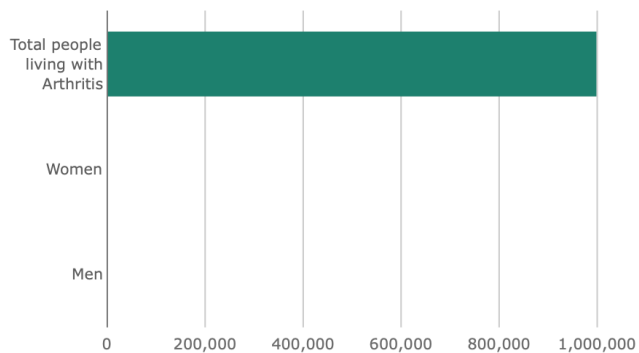

Men **Unreported**

Frequency (per 1,000 persons per year) **0.386⁸**

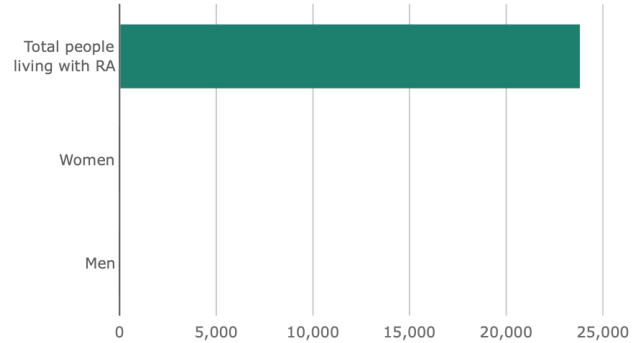

Estimated people living with RA in 2040 **Unreported**

RA cost to society (health care costs and loss to economy) **Over 20,000 euros per patient per year⁹**

Arthritis in Ireland

RA in Ireland

Models of Rheumatoid Arthritis care

Standardized model of care **Unreported**

Number of rheumatologists **0.375⁹** per 75,000 population

Time to RA diagnosis after experiencing first symptoms **Unreported**
(% of patients within 1 month)

RA patient wait time for first rheumatologist visit **Unreported**
(% of patients longer than 3 months)

Barriers to virtual care

Lack of digital skills

Access to internet

Cost of electronics

Language
